

**International Workshop on
Alpha Particle Condensation in Nuclear Systems
August 17—19, 2006/04/18
Munich, Germany**

The international workshop on “Alpha Particle Condensation in Nuclear Systems” will be held in August 17—19 in Munich, Germany. The workshop will be hosted by University of Munich.

The scope of the workshop will follow that of the previous workshop held in Rostock, Germany in 2005. It will cover the alpha particle condensation in the nuclear systems and the related topics. There will be presentations and discussions on the recent results from the experimental and theoretical approaches. All participants interested in presenting a scientific contribution are encouraged to give the title to the workshop organizers.

Workshop Site

The workshop will be held at Department of Physics, University of Munich.

Tentative speakers

Preliminary list of the invited speakers are:

M. Brenner (Avo Akademi, Finland), H. Feldmeier (GSI, Germany),
Y. Kanada-En'yo (YITP, Kyoto, Japan), M. Freer (Birmingham, United Kingdom),
Y. Funaki (RIKEN, Japan), H. Horiuchi (RCNP, Osaka, Japan), K. Ikeda (RIKEN, Japan),
W. von Oertzen (Berlin, Germany), N. Orr (Caen, France), A. Richiter (Darmstadt, Germany),
G. Röpke (Rostock, Germany), Y. Sasamoto (CNS, Tokyo, Japan), P. Schuck (Orsay, France),
A. Tohsaki (RCNP, Osaka, Japan), H. H. Wolter (Munich, Germany),
T. Yamada (Kanto Gakuin Univ., Japan)

Organizers of the workshop

G. Röpke (Chair, Rostock, Germany), H. Horiuchi (RCNP, Osaka, Japan),
P. Schuck (Orsay, France), Y. Funaki (RIKEN, Japan), .
H. H. Wolter (Munich, Germany)
